At Kid's Haven we strive to make this the best possible child care experience. If at any time you see something that you would like improved, please feel free to see any of the supervisors so that we can fix the problem or write in our comment box located on the front file cabinet. Our awesome staff are reviewed on a number of areas, one being your input on their job performance. If you feel a staff goes above and beyond their job description, please let one of the supervisors know. Also, if a certain staff does not meet your expectations, please let us know about that as well. We would like to know who you are but do not need to relay that to the staff if you wish to stay anonymous. Again, we are here to be the best for each and every family!

Please make use of the Parent Resource Center that we have available to you in the front main entry of the building. We put updated information there continually such as parent education classes which are offered in the community. We want you to be aware that it is there for you, the parents.

In closing, I would like to thank you all for your continued support of Kid's Haven. I realize the economy is tough and the weather is getting tiresome and I am so grateful for the wonderful attitudes and smiles you show us every day! We really enjoy having the opportunity to talk with you each and every day and sincerely enjoy spending our days with your children.

-Terry Peterson
