

KID'S HAVEN

CHILD CARE & PRESCHOOL

Parent News

NEWSLETTER | JUNE 2025

-NEWS AT THE HAVEN-

We will be studying and learning about water this month.

Summer is the perfect time to cool off and have fun with water play! Water activities are more than just splashing around—they help children develop important skills like coordination, sensory exploration, and social interaction. From simple sprinklers and splash tables to water painting and sponge games, there are endless ways to enjoy water safely. Children love the freedom to pour, scoop, and explore, and these activities naturally encourage creativity, cooperation, and physical activity.

Always ensure water play is supervised and age-appropriate, with sun safety and hydration in mind. So grab a towel, sunscreen, and maybe a change of clothes—summer fun is in full splash!
