NEWSLETTER | JUNE 2024

-NEWS AT THE HAVEN-

June at Kid's Haven is all about the enchanting theme the magic of gardens. Our little ones will embark on a magical journey as they explore the wonders of nature through gardening activities. From planting seeds to watching their sprouts grow, children will learn about the life cycle of plants and the importance of caring for our environment.

We are excited to get our hands dirty with a special grass planting project. As part of our theme, children will learn about the basics of planting and nurturing grass seeds. This hands-on activity will teach them about the growth process, from sowing seeds to watching the grass sprout and thrive.
