-NEWS AT THE HAVEN-

As we wrap up summer, we're exploring the world of insects. They are already showing so much interest! Through our insect study, we'll also be learning important skills in areas like reading, math, science, social studies, art, and even technology. To extend the study, you may want to do some of these ideas in the car or at home with your children.

- Bug Hunt in the backyard or at your park. Note the differences in each of the bugs such as wings or legs.
- Read some insect books such as "The Very Hungry Caterpillar" by Eric Carle or "In the Tall, Tall Grass" by Denise Fleming
- Sing Insect themed Songs and Fingerplays like "The Itsy Bitsy Spider" or "Baby Bumblebee,"

Thank you for playing an important role in our learning and activities.

Missy Sjolin
