-NEWS AT THE HAVEN-

October is Breast Cancer Awareness Month.

Breast Cancer Awareness Month began in 1985 as a week-long partnership between the American Cancer Society and a pharmaceutical company. Breast cancer survivor and former First Lady Betty Ford helped launch the inaugural event, which focused on educating women and promoting mammography as a key screening tool. The campaign expanded to the entire month, and in 1992, the pink ribbon was introduced, becoming the universally recognized symbol of breast cancer awareness.

Over the decades, Breast Cancer Awareness Month has grown into a global movement. Its widespread recognition is credited with helping to increase early detection and improve treatment outcomes, which has led to a significant decrease in breast cancer mortality rates. However, the campaign is about more than just a single month; it's a critical reminder to take charge of our health year-round.

To our amazing families, thank you for being part of our Kid's Haven community. Let's use this Breast Cancer Awareness Month to celebrate resilience, honor those affected, and commit to health and hope.
